TO DETERMINE SALARY:

* APPROVED BY THE SCHOOL BOARD 7/1/81; up to seven (7) years of full-time industry work experience may be allowed on the salary schedule in lieu of teaching experience based on documentation of industry work experience. **Only** full-time industry work experience qualifies for salary credit; formal training does **not** apply.

Teacher must complete "Application for Salary Credit in Lieu of Teaching Experience" and submit original signed application and copy of letter(s) from previous employer(s) to Assistant Superintendent, Division of Curriculum and Instruction for validation and approval.

FOR CERTIFICATION

** All positions require an **equivalency** of 6 years experience directly related to the occupational area. Applicants with appropriate formal training in lieu of work experience may substitute each year for one year of experience; this training must have been in the occupational area for which certification is sought. **Note that all applicants must have a minimum of 2 years technical working experience regardless of the number of years of related training.**
